

OUR residents association

Formed in May 2019, SAPRA is the new St Andrew's Park (SAP) Residents Association formed by residents, for residents.

We are a group of residents living across the estate who have come together to represent the interests of those living in SAP.

The Association consists of up to 19 individuals (4 Committee Officers who are democratically elected annually and 15 Committee Members).

We are formally registered with the London Borough of Hillingdon and have the support of our Uxbridge North Ward Councillors.
